

MONOBLOCK PUMP SET

APPLICATIONS :

- Agricultural and Minor Irrigation
- Village Water Supply Schemes
- Industrial Use
- Air-Conditioning and Refrigeration
- Domestic and Construction Purposes
- Water Circulation and Booster Applications

Range : 1 to 30 HP
Capacity : 110 to 2850 LPM
Total Head : 9 to 80 Mtrs.

Manufacturing Facility at Ahmedabad (Gujarat) India

SINGLE PHASE MONOSET SUBMERSIBLE PUMP

APPLICATIONS :

- Agricultural & Minor Irrigation
- Village Water Supply Schemes
- Air-Conditioning & Refrigeration
- Domestic & Construction purposes
- Industrial use
- Water Circulation

Range : 0.5 to 2 HP,
Single Phase
2880 RPM
Capacity : 30 to 450 LPM
Total Head : 7.5 to 30 Mtrs.

SINGLE PHASE CENTRIFUGAL MONOBLOCK PUMP

APPLICATIONS :

- Domestic
- Gardening
- Cooling Tower
- Water Transfer
- Industrial and Auto Service Stations

Range : 0.5 to 2 HP
Capacity : 95 to 550 LPM
Total Head : 6 to 28 Mtrs.
Voltage : 180-240 V, 50 Hz AC

MBH PUMPS

Agriculture Pumps

A Mark of Quality

MONOSET SUBMERSIBLE PUMP

APPLICATIONS :

- Agricultural & Minor Irrigation
- Village Water Supply Schemes
- Industrial Use
- Air-Conditioning & Refrigeration
- Domestic & Construction Purposes
- Water Circulation

Range : 1 to 35 HP, Three Phase 2880 RPM
Capacity : 220 to 3800 LPM
Total Head : 7.5 to 100 Mtrs.

INDUCTION MOTOR

- TEFC Motor
- upto 75 HP
- 750 / 960 / 1440 / 2900 RPM
- Class of Insulation "B" or "F"
- S1 Duty at ambient Temperature
- Three Phase 50 Hz \pm 3% & Voltage 415 V \pm 6% with IP 55 degree Protection

Performance conforms to IS 325 and Dimension according to IS 1231 and 2223.

6" to 12" SUBMERSIBLE PUMPS

MBH Submersible Pumps are Single / Multistage directly coupled to special wet type water lubricated submersible motors suitable for 440 volts 3 phase 50 Hz AC supply. For specific requirements, Pumps can be made from special metals. Pumps with low voltage in 3 phase designs are also available.

APPLICATIONS :

- Town & Village Water Supply Schemes
- Cooling Water Circulation
- Industries & Power Plants
- Booster Application
- Irrigation Schemes
- Domestic Water Supply
- Mining, Marine & Construction

Range : 1.5 to 150 HP
Capacity : 60 to 7000 LPM
Total Head : 5 to 200 Mtrs.

4" SUBMERSIBLE PUMPS

MBH 4" Submersible Pumps are multistage directly coupled to special wet type water lubricated submersible motors suitable for 440 volts 3 phase 50 Hz AC supply and 230 volt 1 phase AC supply. Pumps with low voltage designs are also available. The maximum outside diameter of Pump is 98 mm.

APPLICATIONS :

- Domestic
- Hotels
- Industries
- Agriculture
- Construction

Range : 0.5 to 5 HP
Capacity : 1800 to 10500 LPH
Total Head : 9 to 193 Mtrs.

MBH PUMPS

Established in 1969, starting with manufacturing pumps, MBH has demonstrated a constant development in terms of products, quality, reliability and upgradation of technology. Our products and services have established newer trends in the market like Industrial, Agriculture and Domestic for various applications.

The company's each product is manufactured and tested under quality control in accordance with National and International standards to ensure excellent performance.
